

Rock Projects Uganda

Newsletter - October 2025

Mulimutya abe mikwano (Hello our dear friends)

Greetings from Uganda.

We are delighted to introduce our gorgeous new arrival. Suubi Hope Kasozi born on 24th May. Our hearts have doubled in size. Our arms forever full. Josiah is already taking such good care of his little sister. We are so grateful God!

Suubi Hope Kasozi

The School has been on holiday and just started back in September and the children have been at their homes. We always encourage the kids to go back home during the holidays to keep up the family relationships. Not all the children have families that they can go back home to and they stay in the dorm.

They will all be coming back to start Term 3. This is the final term of the year and this is a big term especially for the primary sevens as they will be sitting their national PLE exams which determines if they can move up to Senior School.

The teachers have been enjoying some team building days during the holidays and we had a lovely day with them recently.

We are so grateful for all the children who are sponsored by people in the UK and as you can see from some of the photos they enjoy having a guaranteed meal each and every day. The sad reality is that some children don't know whether they're going to be getting a meal or not at home and having full bellies helps them concentrate better and perform better at school.

Kibanga Health Centre update.

In addition to all the wonderful medical staff who work at the Clinic we also have our dentist Clive. Clive works one day per week at the clinic and has recently helped a young boy Brian who has very poorly formed teeth. Clive has provided at his own expense and fit braces to help his teeth move into a better position. What an amazing difference this will make to Brian. God is Good!

The Clinic just seems to be getting busier every day and we are so grateful. There's been a huge increase of babies being born in the clinic and that is just so special because mothers in the community end up giving birth at home due to the fact that they may not have the money required to go to hospital.

We are so grateful that we are able to help them, We have had so many mothers give birth in our health centre who are so grateful for all our medical staff.

They're doing a great job.

Ongoing Projects

We are delighted to show you our newly finished teachers accommodation. This has been completed in time for them to move in at the start of the new term. This will make a big difference to the teachers and their families who live here as previously they would have had to travel long distances. This also makes the school a more desirable place to work as they have safe and secure accommodation.

There are now so many children living in the dormitory at Busiika, having staff close by makes life easier for everyone. It is also a good incentive for teachers to stay and work with us, it helps them so much but also helps the project to have happy teachers.

The toilet and shower block is also nearing completion which will be used by teachers and their families.

A date for your diary

Saturday 22nd November our Annual Christmas Fayre which is held at
Woodhill Evangelical Church in Bishopbriggs.

From 10am until 2 pm a lovely selection of crafts and stalls to browse
and some amazing home baking to enjoy.

Church Building Update.

There is also the Church building itself which is being plastered and painted soon which is a huge answer to prayer because it has been looking really unfinished with lots of scaffolding all around and now that will be taken down and the building will look fantastic.

Webale nyo (Thank you so much)

People who help us. There are many people who help us raise much needed funds

We were so delighted to have 3 wonderful supporters of Rock Projects Uganda take part in the Kiltwalk in September. Michelle, Seema & Joanne raised an amazing total of over £1700. Thank you SO much ladies.

And Finally 100% our craziest fundraiser so far, Gillian McEwan jumped out of an airplane and flew through the air, all to raise money for RPU!!

Much love from,
The Kasozi Family
& the Trustees and Fundraising teams of Rock Projects Uganda.

We would like to say a huge thank you for all your continued love, support and interest in Rock Projects Uganda. This charity runs on the generosity of the supporters, and so for that we are most grateful. If you would like more information, have any questions, or if you would be interested in holding a fundraiser with a group of friends we would be absolutely delighted, please do not hesitate to get in touch, our contact information is found below.

Please follow Rock Projects Uganda on Facebook or on our website www.rockprojectsuganda.org where we share photos and information on what's going on.
