‘Touching hearts, Changing lives’

COMChurch

We were grateful for Pastor Scott, Josh & Paramedic Dave’s visit.

WayPoint Church

Huge thank you to the amazing team of 6 who gave of their time & skills!

Zac, Rosie & Dylan

And family who spent Easter in Uganda

Before we tell you all the amazing things that have happened so far this year, lets give you the highlights of 2023

Greetings to all our beloved supporters, friends & sponsors. We thought it would be good to look back on 2023 and share with you some of our highlights of the work that is going on in Uganda. However, we don’t want to go on any further in our little newsletter without thanking you all from the bottom of our hearts for all the support whether financially or prayerfully throughout 2023, we truly couldn’t have done it without you. Below is summary of the projects which were undertaken in 2023.

Church Construction. The Ark/Children’s centre. A new printer

We have so much to be grateful for!

The teams that came out included a dentist who pulled out over 100 teeth! A health visitor who encouraged the local mothers & babies as well as providing training for our midwife and nurse. We had a paramedic who trained our staff on the brand new ambulance which has been gifted to the clinic, as well as providing first aid training to all our teachers. We had Grant, skilled in carpentry who transformed our old small church into Noah's ark! What a year it's been.

We are absolutely delighted to be able to use our new church building - in fact it's in use everyday of the week, not just a Sunday! With so many of the community coming to fellowship along with the school children & youth.

Babies are now being delivered in our clinic!

Another highlight of 2023 has been the maternity section of our clinic now opening, and we've had the joy of seeing babies safely delivered & thriving.

Sunbeams, Kitetikka Primary, Busiika High! 2023 was a wonderful year for the schools & children who attend, yes there were challenges including the increase of cost of food and transport, but we continue to be in grateful for the opportunity to educate, support, feed & love on over 1000 children under our care each and everyday.

Prayer Points

- **For the children who are in our care, and for the teachers and staff who work with them daily.**
- **For the children in the community who don't have the opportunity to go to school, that they would get the chance.**
- **For the Ambulance that was gifted to our clinic but is currently stuck in the tax office needing £8000 to release it.**
- **For the clinic to continue to be a blessing to the wider community, daily treating malaria, typhoid and other diseases.**
- **For the Kasozi family, the teachers, medical staff, farm workers, and all who make a difference each and every day.**

OUR CHRISTMAS HAMPER CAMPAIGN

Huge thank you to everyone who donated to feed a family at Christmas! What joy you brought, it really means so much.

We'll soon be sending you an update of what the first part of 2024 has looked like for us here in Uganda.

Our best wishes,
Rock Projects Uganda
